# Lifejacket donning instructions

## Procedures for donning standard lifejackets

### Top strap lifejackets

1

Place jacket over your head

2

Pull front sections together and engage buckles at top strap

3

Pull back around your waist and engage buckle

4

Pull back as tight as possible

### Velcro lifejackets

1

Place jacket over your head

2

Pull front sections together

3

Pull back around your waist and engage buckle

4

Pull back as tight as possible

### Entering the water

**ONLY JUMP INTO THE WATER IF ABSOLUTELY NECESSARY**

All you need to jump:  
- Check all is clear and free of obstructions  
- Hold head and feet  
- Feet back at shoulder  
- You MUST jump into the correct end

Remember, you must use the correct end of your lifejacket.  
The correct end is the end with the handle.  
Always wear your seat belt when you are on board.

Never use a lifejacket for any other purpose other than what it is intended for.  
The lifejacket should not be used in any other situation.
